RED DEER, ALBERTA JUNE 4, 1919.

**PARLIAMENT MAY
ADJOURN AT
END OF JUNE**

FALL SESSION PROBABLE.
Ottawa, May 31.—An adjournment by the end of June or early in July, to be followed by a fall session, is now the governmental program.

Outside of the budget and labor legislation arising out of the report of the Mathers commission, the order paper has been nearly swept clear so that there would seem to be no reason why the house should not adjourn around July 1st.

FALL SESSION NECESSARY.

A fall session is absolutely necessary as parliament will have to ratify the peace treaty when it is signed. There will also be legislation arising out of the treaty which will have to be passed. The franchise act is almost certain now to go over until the fall session. There is no immediate necessity for it, as the government is not contemplating an election and there is little likelihood of the government being forced to go to the country. In the meantime some other controversial legislation, such as the highways act, may go marooned until the fall.

BUDGET NEXT THURSDAY.

The budget will be brought down next Thursday and the air is full of rumors as to what it will contain and

what will happen politically. Sir Thomas White is sitting on the secret and it is only guess work as to the budget's contents. Between discussing the industrial situation the cabinet has been devoting every spare moment to the budget, and there will be a council meeting devoted to it today.

There seems to be an impression that Hon. T. A. Crerar will resign when the budget comes down, but the house may get a surprise. Mr. Crerar is still faithfully attending to his work and is as mum as an oyster. He has a high sense of duty, and a strong personal regard for Sir Robert Borden, and he may decide that the present time of industrial unrest is no occasion to force a political crisis. However, no one thinks that his resignation will seriously embarrass the government; he would take with him not more than ten or twelve western

members, principally from Saskatchewan. They would not join the oppo-

sition, but would move over to the cross benches. It is a question whether this many would break with the government if they thought it would mean its defeat. What these free traders are praying for is that

free traders are playing for a draw there will be no amendment moved. They want to place themselves on record without defeating the administration. However, if a free trade amendment is forced, the government

CABINET RECONSTRUCTION

That cabinet reconstruction is coming is certain. The chances are that

it will not take place until after the house adjourns; the reorganization will be completed during the recess, and the new cabinet will be completed for the fall session.

MAY DISMEMBER TURKEY WITHOUT RELIGIOUS WAR

SULTAN MAY BE ALLOWED TO
HAVE CONTROL OVER SMALL
STRIP IN ASIA MINOR.

Paris, May 22.—The Turkish problem has become most acute in the peace conference. Various delegations are striving to find some solution for the dismemberment of the empire which will not provoke a religious war. The United States is being looked to by the other powers as the only nation which can become the mandatory for Constantinople without the danger of precipitating another European war, but the United States delegates to the peace conference express doubt of the willingness of the United States to accept the mandate, especially under the conditions which the powers have outlined.

With the Sultan expelled from Constantinople, the United States delegates expressed the belief that it might be possible for the United States to become reconciled to the mandate. However, the Indian delegation which appeared before the council of four to plead for special considerations for the feelings of

the Mohammedan world, as well as other Mohammedans who have made statements, assert that the Sultan must not be forced out of Constantinople, declaring that such action would greatly affect his standing in the church.

Consequently Great Britain is seeking to have the Sultan remain in Constantinople as head of the Moslem faith, but with purely spiritual power. It is now suggested that instead of transferring the Sultan to a strip of territory somewhere in Asia Minor that he remain in Constantinople, but be allowed to exercise a degree of temporal power over some territory in Asia Minor to be selected, thus preserving the form of the Ottoman empire.

ITALY ASKED TO EXPLAIN MILITARY ACTION.

Paris, May 22.—It has been learned in trustworthy quarters that Great Britain, France and the United States have united in sending a note to Italy requesting an explanation of the landing of Italian forces in Turkey.

Premier Orlando is said to have made a reply to the council of four after a sharp personal incident during which he was objected to the presence of Premier Venizelos of Greece. The latter retired from the meeting. Salouki, May 22.—A Turkish detachment which at the instigation of the Young Turks' agents attempted to resist the Greek troops at Smyrna

STANDARDIZATION OF FARM MACHINERY IS STRONGLY URGED

FARMERS' COSTS INCREASED
BECAUSE PARTS ARE NOT
INTERCHANGEABLE

Ottawa, May 21.—The need of steps to be taken to standardize farm machinery was brought to the attention of the commons committee on agriculture this morning by Mr. A. M. McCole, member for Kent.

Mr. McCole spoke of the large increase in the cost of the manufacture of machinery which the farmers must bear because parts of agricultural machinery are not interchangeable. He dwelt upon inconvenience of the present situation of agriculturalists generally.

Mr. McCole received strong support from other members of the committee. Col. Arthur stated that in the early part of the war, large numbers of

was overwhelmed and captured, according to an official statement issued by Greek general headquarters Wednesday.

The captured detachment was handed over to the British naval authorities in the Aegean sea.

Canadian wagons made by various Canadian manufacturers had to be scrapped because their parts were not interchangeable.

Mr. Ruby, of the Frost and Wood company, Smith's Falls, manufacturer of farm implements expressed the view that parts could not be made interchangeable except by law. He thought it would be logical to standardize types of machinery before parts.

Mr. Harold, of Brant, while expressing the view that nothing should be done to interfere with the initiative of manufacturers, told the committee that the amalgamation of the Messy-Harris and the Paterson concerns some years ago had considerably reduced the number of types of binders and other machinery with beneficial results to keep the export and domestic trade.

Mr. Frank Glass, East Middlesex, approved the proposal to standardize parts of farm implements. He moved that Messrs. Henders, McCole, Best, Kay, Harold and Dr. Grisdale, deputy minister, be named a committee to frame a resolution before the next meeting of the committee to be sent to the manufacturers. He believed that such a move would have beneficial results. He thought co-operation on the part of the manufacturers would help the export trade. Prof. J. H. Grisdale, who was called upon at the suggestion of Mr. McKay, of Mississauga, told the committee that the question of standardization of

parts of agricultural implements had been engaging the attention of the department of agriculture. He thought something could be done along these lines. In the case of many small articles, he thought there was absolutely no reason why a scheme of standardization should not be made without in any way interfering with the inventive powers of the manufacturers.

He suggested the farmers and manufacturers should get together on the matter. Mr. Glass' motion carried before the committee adjourned.

SAYS GERMANY MUST DECLINE TO ACCEPT TREATY

Terms Will Spell Political Dishonor

Berlin, May 21.—Germany declines to sign the peace treaty laid before it because they spell the economic destruction, political dishonor and moral degradation of the entire German nation, not only for the present, but also for all unborn generations, was a statement authorized by the cabinet this morning through the Associated Press.

"That these consequences must logically follow acceptance of the peace conditions the United States

press itself has recognized without question," the statement continues. Toward them Germany took the standpoint that acceptance of such conditions could not be demanded and that the entente was unjustified in imposing such demands.

CLAIMS MORAL RIGHT

"Germany has not only a moral right to compliance with the general promises made it, but a firmly-grounded, clearly-defined claim, according to the basic rules of international law on the entente powers and especially on the United States. A specific recognition of the right of Germany and of the German peoples to a peace of right, justice and reconciliation instead of the paragraphed song of hate which was written at Versailles, is contained in the note of the American secretary of State Lansing, Nov. 5, 1918.

"In it the secretary of state notified the Swiss minister in Washington unconditionally that the established basis of President Wilson's 14 points should be authoritative for the peace conditions. Secretary Lansing announced further that the Entente governments, after careful consideration, were also prepared to recognize the conditions set up by President Wilson as the basis for the conclusion of peace.

GERMANY'S LIMITATIONS

"It is not the German people's business to indicate how its rights shall be realized, but by the 14 points or especially by the note of Secretary Lansing. That, rather, is the task of those who constructed the 14 points, and through them to acceptance, thereby inducing Germany to lay down her weapons. We do not believe that President Wilson, Secretary Lansing or the American people can take other than this German standpoint if they do not wish to do that which President Wilson in his message of Dec. 8, 1917, condemned categorically when he said: 'We would dishonor our own cause if we treated Germany other than justly and in a non-partisan manner, and did not insist upon justice towards all, no matter how the war ended. We demand nothing which we are not ready ourselves to admit.'

"And the German people demand nothing more than that which President Wilson announced in his declaration. We demand nothing more than that the Americans place the 14 points opposite the peace terms. We do not believe that anyone in the United States will then have the courage to claim that there can be found in the peace conditions one single trace of President Wilson's programme.

"And here begins America's definite duty to step in. America either must put its fourteen points through or it must declare that it is unable to do so or that it does not want to do so, so that in no case may the world be led to believe that America desires to have the peace conditions count as President Wilson's 14 points.

"This is our demand, to which we cling, and we cannot imagine what argument from the American side would be effective against it."

LOOK TO BORDEN TO LEAD CANADA OUT OF CRISIS

IMPORTANT INDUSTRIAL AND
ECONOMIC LEGISLATION EX-
PECTED SOON.

Ottawa, May 27.—There is good reason to believe that the return of Sir Robert Borden will be signalled by important industrial and economic legislation. Sir Robert was a member of the sub-committee of the peace conference which prepared the labor memorandum, which has been described as labor's magna charta. Sir Robert has been credited with having been largely responsible for the drafting of the memorandum. While the principle laid down called for international joint action, rather than national legislation, yet it is believed there will be some progressive measures introduced at this parliament at the initiative of Sir Robert. He is being looked to confidently and hopefully for leadership in this present industrial crisis. It is unlikely legislation will be introduced until the "Methers" commission makes its report. It is expected the report will be ready by the middle of June.

In the meantime, the equally difficult problem of the tariff will be before the house. The budget will be taken up immediately on the return of Sir Robert and will be introduced next week. The exact nature of the budget is a state secret, but there are rumors current which will not down that there will be a substantial increase in the British preference. Lloyd Harris, chairman of the Canadian trade commission, who is returning with Sir Robert, has been advancing a policy of imperial preference for the whole empire, and Sir George Foster has spoken along the same lines. There is a rumor there will be an increase to fifty per cent., but this is only rumor. The special tariff of seven and one-half per cent. will probably be dropped on some lines, but retained on luxuries. It is also rumored steps will be taken with the cost of living problem. The matter is under consideration by the cabinet. It is possible boards will be appointed to stop extortion and means will be taken to prevent hoarding.

CANADA'S RECONSTRUCTION WILL BE FAITHFULLY DONE

Ottawa, May 27.—Frankly recognizing that he has returned to Canada in disturbing times, Sir Robert Borden, replying to the civic welcome extended to him, stated his belief Canadians would deal with their problems of reconstruction as well and faithfully as they had fought the war. The prime minister's assertion was received with much applause, which was only equalled in volume when General Morrison, in closing his remarks by way of final message to the Canadian people, stated that during the four years of war the Canadian corps had never retreated a step and never lost a single gun.

"The hopeful spirit that sustained Canadians during more than four years of war," Sir Robert said, "will not be found in the even more difficult days of peace. If that spirit continues to inspire the people, we will not be cause for slightest alarm. Canada stands in a splendid and hopeful position to face the world. We have great energy and great resources and ours is a future if we do not waste our efforts. I believe that among a people so highly endowed will be found some better method of solving our problems than some of those methods which have occasionally been in evidence in the past. I am as strongly determined as anyone to do what part I can in removing any existing evils. Let us set an example to the nations of the world in our methods. I for one am an optimist. I believe that the people during the war so splendidly did their part will be a steady and dominating influence for law and order, and that we shall have in Canada the best cooperation, without regard to distinction of class, race or creed, as will enable Canada to accomplish that high destiny which is hers by right of heritage."

BRITAIN'S LIMBLESS MEN.

London, May 28.—Of British wounded in the war, 10,000 have lost one or both arms, and 26,000 one or both legs.

government quotes the law that the vendors may sell for medicinal, sacramental, scientific and manufacturing purposes only.

The prices of Scotch whisky on the new list are of special interest. The highest priced whisky on this list is Walker's Kilmarnock, Black Label, reputedly being \$3.25 wholesale to the druggists, or \$4 retail on prescription to the public. This is one of the whiskies on which the druggists have a grievance, as they say that prior to the new list the government was charging them \$3.50 a quart for this brand of liquor.

A DRUGGIST'S PROTEST

"It is a peculiar thing," said one druggist, "that the government reduces its price to us on the same day that it fixes a retail price for the public. I have been told that the government made nearly a million dollars last year in selling liquor to the druggists, and yet got all the blame for the high prices."

The Calgary vendor explains this on the ground that the government was only recently able to get "stuff" from the old country direct, which means buying at a considerably reduced price, and this reduction has been incorporated in the new list.

STANDARD LIQUOR PRICES OBTAIN; DRUGGISTS KICK

Druggists of Calgary are up in arms over the new fixed liquor prices, which set the retailers' profit at 15 per cent. on the cost price of the liquor to him. In addition, the government price list shows a considerable reduction in the price of various liquors, notably gin and Scotch whisky, as charged to the druggist, which makes a further reduction all around.

Some of the druggists assert that the new prices actually mean only 20 per cent. profit to them on the selling price, according to the list of fixed prices issued by the attorney-general's department, and declare that it will be impossible for them to handle the liquor under these conditions. The government has a club in this respect, however, as the legislature, at the last session, authorized the government to sell liquor on prescription, at retail prices, at the government vendors' shops.

VENDOR'S OFFICE POPULAR

The government vendor's location in Calgary is on Eleventh avenue and Fifth street west, and a big rush is anticipated there. The drug stores, however, have an advantage in this respect, as the vendor's hours are from 9 to 12 a.m. and from 1:30 to 4 p.m. only, whereas the most of the druggists are open all day and in the evening also.

DRUGGISTS MAY FIGHT

Some of the druggists declare they will keep right on selling liquor at whatever retail price they choose, as the government has no legal power to fix the prices which they can retail. When this was pointed out to D. C. Bayne, the Calgary government vendor, Mr. Bayne said that was a legal question over which there might be some dispute; that he had nothing to do with it beyond notifying the druggists what the attorney-general's department had fixed retail prices at, and these retail prices would be the ones fixed by the vendor for filling prescriptions at the government shop.

Another point is that the serial prescription blanks which are to be furnished to all physicians by the ruling of the legislature are not out of the hands of the government printer yet. However, the Calgary vendor says that the ordinary kind of physician's prescription can now be filled at the government vendor's.

RED DEER BRANCH: A. S. MAXWELL, Manager.
Sub-Agency at Penhold open Mondays and Thursdays.

ANOTHER PART OCEAN FLIGHT IS COMPLETED

Washington, D. C., May 28.—The U.S. naval seaplane N. C-4 has reached Lisbon, Portugal, completing the third leg of the scheduled flight from New York to Plymouth, England, and establishing a new world's record by making the first trans-Atlantic airplane flight.

After a series of delays occasioned by high seas and winds, Lieut. Commander Read and his crew rose from the sea at Ponta Delgada in the Azores at an early hour Tuesday morning and completed the 1,000-mile flight to Lisbon at a rate of nearly one hundred miles an hour. The next and final leg of the America-to-England flight undertaken by the United States navy and carried through successfully thus far by Lieut. Commander Read and the N. C-4, is that from Lisbon, Portugal, to Plymouth, England.

GERMAN LOSSES.

Paris May 17 (Havas).—German losses up to April 30 were: Dead, 2,650,400; missing, 615,227; wounded, 4,307,028; total, 6,572,410, according to figures published in Berlin.

A game of baseball was being played "over there": American boys on one side and English and Colonial on the other. A critical moment came in the game and an East Indian stepped up to the plate. He looked upward and said: "Allah, give me strength to make a hit."

The next man up was an Irishman. He spat on the plate, made faces at the pitcher, and yelled: "You know me, Al!" He made a home run.

MINISTER OF LABOR DECLARES WINNIPEG STRIKE IS ENTITLED TO NO SYMPATHY OR SUPPORT.

Calgary, May 27.—A wire from Hon. G. D. Robertson to Mayor Marshall, of Calgary, received this morning, is as follows:

Have been here since Thursday last. Very carefully investigated the cause of the existing general strike which the strike committee claims was called for the purpose of forcing upon certain employers the recognition of workmen's rights, collective bargaining.

The employers affected proved conclusively that they had no objections to their employees organizing, and have dealt with committees of their employees elected as representatives of the various craft unions concerned in their industries. And furthermore expressed perfect willingness to meet the executive officers of the various organizations if desired, but refused to deal with the body known as the Metal Trades council, which is elected by employees in other industries outside their own.

Twenty-four hours before the sympathetic strike was called, the premier of Manitoba urged an adjustment of the matters in dispute by arbitration, and in a final attempt to prevent a general strike, asked the committee if they would cancel it provided the employers would agree to recognize the Metal Trades council, to which question a negative reply was given.

Subsequent events have proved conclusively that the motive behind the general strike effort was for the purpose of assuming control and direction of industrial affairs, also municipal, provincial and federal activities as far as they were being carried on in this city, and with the avowed intention of extending that control to a wider field.

I have no hesitation in stating that the One Big Union movement is the underlying power of the whole trouble, and that the Winnipeg general

THRIFT STAMPS.

Said a careful mother the other day, "I'm so pleased that the government introduced Thrift Stamps, I've always encouraged my Johnny to save up enough to start a bank account, so that when he is older and requires more spending money he will have something of his own to draw from and need not know the embarrassment of not being able to spend like the rest of his boy friends. The bank account never matured, but it seemed a simple matter to make a beginning of 25c, and now he is an enthusiastic over saving as anybody."

One of the reasons why France has been able to stand the strain of the war so long was her system of providing for her people a means whereby at any post office in the land they could invest a few francs whenever they had it, and this developed a spirit of thrift that is entirely unknown in Canada, but which we hope will be known to some extent at least before another year is over.

The best way to convince children how much they are spending money needlessly indulgences is to get them to take the money they would spend in a month for movies and the like, and buy Thrift stamps with it. Very few children or grown up people either for that matter, realize the dollars which are frittered away in just such things. By buying Thrift stamps you will not only help yourself, but you will help the government so that there will be plenty of money for all the reconstruction work which must go on, and the debt of the war, which must be paid. It is a scheme for mutual helpfulness which in the end will benefit the individual more than the government.

Mrs. F. W. GAETZ,
Press Supt. Thrift Stamp Campaign

strike deserves no sympathy or support from labor organizations outside.

(Signed) G. D. ROBERTSON,
Minister of Labor.

HAIL! HAIL! HAIL!

Questions and Answers re The 50-50 Mutual Hail Insurance Society

1. Ques.—What does "50-50" mean?
Ans.—When the losses and expenses have been paid in any year, fifty per cent, or one half, of the profits are returned to the assured, and fifty per cent., or one half of the profits, are placed to the Reserve Fund of the Society, at the end of the hail season.
2. Ques.—Does any one receive profits from this Society except the assured?
Ans.—NO—NOT ONE. The Company belongs to the farmers, and they receive all the benefits. In other words, the "50-50" supplies Hail Insurance strictly at cost.
3. Ques.—Should the Cash Premium Income and the Reserve Fund not be sufficient in any year to pay the losses and expenses, what would be the outcome?
Ans.—The assured who sustained a loss would be paid pro rata. Say a loss were \$300.00, and the losses and expenses of the Company amounted to 105% of the income and reserve fund, the assured would receive \$285.00, instead of \$300.00. But he would have a chance to get \$15.00 back the next year, if he insured with the Society again, as it might be a light hail year, and the profits would be very large, such as 1915 or 1918.
4. Ques.—The year 1916 has been admitted the worst year for hail in the history of the Province of Alberta. Taking the average of all the companies doing business that year, from the Government reports, how would the Society have paid out, if it had no reserve fund?
Ans.—The average premium rate in Alberta for 1916 was approximately 7 per cent. Had it been approximately 9 1/2 per cent., as it was in 1918, the companies would have made a profit of 11 per cent. in 1916. Therefore, the "50-50," on the same basis, could have a loss of 11 per cent. more than the companies had in 1916, and still pay 100 per cent. on its losses.
5. Ques.—What were the average profits of the companies, as per the Government statements for 1918, when they received approximately 9 1/2 per cent. premium?
Ans.—There were seventeen companies doing business in Alberta in 1918, taking in a total premium income of \$1,039,027. Their losses were a total of \$180,866.00. Their average expense ratio was, say, thirty per cent., amounting to \$311,707.00; making their total losses and expenses \$492,573.00, and leaving a profit of \$546,454.00, or 51 3/4% of the premium income.
6. Ques.—What profit would the assured receive back from the "50-50" in 1919, if 1919 is as profitable a year as 1918, on a \$150.00 premium?
Ans.—Premium received by Society\$150.00
Losses and Expenses, 48 3/4% 72.37
Profit, 51 3/4% 77.63
The assured would receive 50% of \$77.63, being 38.82
The Society would place in their Reserve Fund 50% of \$77.63, being 38.81
Percentage of premium refunded to assured 25.87%.
7. Ques.—The above year of 1918 was a good year for the companies, but what profit would a farmer have received from the Society in 1916, providing the rate had been approximately 9 1/2% on \$150.00 premium?
Ans.—Premium received by Society\$150.00
Losses and Expenses, 89% 133.50
Profits, 11% 16.50
The Assured would have received 50% of this \$16.50 8.25
The Society would have placed to their reserve fund 50% of this \$16.50 8.25
8. Ques.—What are the chances of the "50-50" Society not paying 100 per cent. of the losses in 1919, while it has no reserve fund?
Ans.—PRACTICALLY NIL. Go over the above figures again carefully, and draw your own conclusions. The year 1916 was generally admitted to be the worst hail year in the Province of Alberta, and we would have had a profit of 11 per cent.
9. Ques.—Why does the Society not take Note Premiums as well as cash?
Ans.—Because we are saving the expenses of collection, and by sticking strictly to cash premiums we will be able to pay fifty per cent. of the losses to the farmers as soon as adjusted, and the balance of the same will be paid at the end of the hail season, which should be about October 15th of each year. Whereas, if we took Note Premiums we would not settle in full until probably January of next year, and still there would be a lot of notes not paid.
10. Ques.—Will the Society cut the Stock Company Association rates?
Ans.—NO. We know these rates are high, but if the losses are small the assured will receive back that much more, and if the losses are large, there is practically no danger of the Society not being able to pay 100 per cent. of their losses.
11. Ques.—Does the big Western Adjustment Bureau of Winnipeg, which does all the adjusting for the Stock Companies in the Association, adjust losses for the "50-50"?
Ans.—DECIDEDLY NOT. The Society has engaged adjusters with years of experience. They are farmers, and know hail losses, and know crops; not bluffers. And their instructions are to allow the actual damage, no more and no less. This is a Mutual Hail Insurance Society, founded by farmers, and operated by farmers, which means they are men who know and grow grain. They know how a loss by hail pinches, and they have no desire to best their brother farmers.
12. Ques.—Do you re-insure?
Ans.—Yes, our line limit in the best districts is \$10,000 to the township, and in more hazardous districts as low as \$3,500.00 to the township. We have excellent re-insurance arrangements.

WEDNESDAY, JUNE 4, 1919.

THE ONE BIG UNION IDEA

We received a letter last week from one A. J. Morley, ex-mayor of Victoria, asking us to run a long printed letter headed "Solidarity of Citizenship." The article is strongly favorable to the "One Big Union" idea, and contends that this is the only solution to the business unrest in Canada. This is the only thing that will keep the wheels of industry turning. Yet the very first chance they get they throw a monkey wrench into the wheels of industry and would smash our constitution as they are smashing the wheels of industry. The "One Big Union" idea should have no place in the hearts of the trade unionists of Canada, as we believe there never was a time when the government and the people were more ready to meet labor halfway, there never was a time when capital and labor were working harder to settle their differences. The "One Big Union" idea, in our opinion, is near Bolshevism as it is possible to get in Canada, and should be suppressed.

BOLSHEVISM IN CANADA.

A prominent Western business man, who has much to do with labor, says the opinion commonly held throughout Eastern Canada that the leaders of the revolutionary groups in Western labor centres are alien agents or foreigners of some sort is without foundation in fact, says the Toronto Globe. Among the rank and file of the organization that have been swept into the "One Big Union" movement there are many foreigners, but the real leaders of "direct action" are in most cases British-born or Eastern Canadian workmen in revolt against the trade union organization, which they regard as having failed to bring about the new industrial order promised by labor reformers.

These social revolutionaries are unreservedly in favor of the application in Canada of the principles of Lenin. They cheer for Bolshevism, and cry out against any interference with Bolshevism. The new Bolshevik State, built upon the ruins of Hungarian nationalism. It is necessary that the people of Canada should know what these extremists would put in the place of the present Federal, Provincial and civil governments, and the power to act. H. G. Alsberg, an evident sympathizer with revolutionary methods in general, presents in "The New York Nation" a picture of conditions in Budapest under the Communists. His letter is dated March 30th, and directs attention to the new code of laws necessary "when society has to be made over to attain the proletarian heart's desire."

Among the steps taken are "the communication of banks, of houses, of art collections, of factories. There are regulations restricting the withdrawal of bank deposits to \$400 per month, and cutting down all fortunes to the \$10,000 limit. There are new wage scales which bring the average of wages to \$300 a month, and do not permit the experts and entrepreneurs to get more than \$600 a month. Also there are laws which give the soldiers a total monthly wage of over \$600." The home, the very foundation of civilization is swept away by the Hungarian Communists, as it has been by the Russians, for the communication of the state not only of the ownership of the house that shelters the family, but of the right to decide

who shall be lodged within each house. In Petrograd surplus rooms in the homes of good citizens were occupied by all sorts of undesirable persons on the orders of the Communal authorities. Scarcely less dangerous to civilization than the destruction of the privacy of the home is the exclusion of all classes, save manual workers, from participation in the government of the country. Mr. Alsberg puts it thus: "Another feature, unpleasant to the capitalist, is the law governing the coming Soviet elections. In these elections only the people may vote; no capitalist will be allowed to cast a ballot. The barber who shaves me points out that he will be allowed to vote, but his 'boss,' who also works all day shaving customers, will not be permitted to do so, as he is a capitalist."

It may be asked why self-respecting men and women who are not manual workers suffer themselves to be excluded from the rights of citizenship without making a fight to retain their franchise. The reason is to be found in the fact that the Hungarian Red Guards, as Mr. Alsberg tells us, "in the past have been very lenient, and at a higher rate than the technical experts and superintendents who manage the factories of the commune. Force takes the place of justice, and men who are prepared to shut down the protesting citizen, robbed of his property and his citizenship, are paid more highly than any other class of the community."

The word of the revolutionary leaders is the supreme law. There is no other. We are told with evident approval that the old law courts have been abolished and revolutionary tribunals established where a lawyer may not show his face, except under penalty of death. The present commissary said in stern Cromwellian tones when appealed to by briefless barristers, "If you can't learn a useful handicraft, you have to have to learn to sweep the streets."

Against the terrible tyranny that deprives men of their homes, their rights, their property, their equality before the law, no protest is permitted. Public meetings are barred to opponents of the Soviet in Russia, while in Hungary Mr. Alsberg tells us, "To old-fashioned eyes this dictatorship of the proletariat may look oppressive. There is, for instance, no such thing as a free Press in Hungary. All the newspapers have been nationalized, and write exactly as they are told; all look alike, and are alike uninteresting."

So that to the destruction of the home, the denial of the right of self-government, and the abolition of trial by legal process, the Bolsheviks have added the throttling of the Press. For all except the Commissaries and their camp followers life under such conditions must be almost unendurable. The autonomy of Canada has been outdone by the autonomy of the Commune. Do the Canadians who cheer for the "One Big Union" with its Bolshevik appendages, understand that one of the first measures of the "Reds" were they to succeed in imposing their views upon the people of this country, would be the socialization of houses, a step destructive immediately of the privacy of home life, and ultimately of home itself. There are in the Dominion hundreds of thousands of workmen's houses owned by the workmen themselves. How would they like the idea of turning their homes over to a Communist State so that the least thrifty and least progressive elements of the community would become equal owners with them of the houses built by years of steady thrift? Yet that is involved in the form of Communism which Canadians are asked to initiate.

The time comes for the taking of defensive measures of a drastic sort against those who would reproduce in Canada the conditions now existing in Russia and Hungary.

ADMIRAL SIMS' TRIBUTE

Admiral Sims, the Canadian-born sailor who commanded the American naval forces in European waters in the war, has returned home and was given a reception in New York. Like Admiral Rodman, who preceded him some weeks ago, he was most hearty and cordial in his tribute to what the British navy had done. He

declared that but for the wonderful grit and endurance shown by the merchant seamen of the Allies, the war could not have been won. "There is no praise strong enough to reward their persistent gallantry," he said, and he proceeded to give credit to the British navy for its work, pointing out that at no time was the United States in a better position than ten to one with regard to anti-submarine craft.

Admiral Sims says that never was there the slightest friction between the American navy and the British navy. The policy was adopted of having the ranking officer at a particular spot take command there irrespective of the number of vessels there. In other words, if Admiral Sims was the ranking officer, and only one American vessel while the British had ten, he would be in command. One of the reasons for the complete cooperation and coordination that was maintained between the British and American navies is explained in the following words: "From the first I adopted the policy that there should be absolutely no friction between the various nationalities, and I issued orders that anyone criticizing the work of the other navies should be sent back home."

While The News published the list of names of those joining the 59th and other battalions from Red Deer, we were never able to obtain the names of those joining the 137th battalion. Charles Sinclair, secretary of the G.W.V.A., has succeeded in getting a full list of the names of those going overseas with this well known Red Deer battalion from the Militia Department, and we are publishing the names this week, feeling that a large number of the citizens of this district will be pleased to see the same.

The German war losses amount to nearly seven million, to be accurate; six million, eight hundred and seventy-three thousand four hundred and ten men. Of this number two million and fifty thousand were killed. This does away with the statement that their losses were not as severe as ours.

TWO YEARS IN BED AND ROLLING CHAIR

MRS. WILSON GAVE UP HOPE—GAINS 25 POUNDS ON TANLAC AND IS NOW A WELL WOMAN

"For two years I spent all my time either in the hospital, in bed, or in a rolling chair, and during that time I was given up to die, and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson. Mrs. Wilson is well-known in Atlanta, her husband having been employed there for a number of years.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson. "I don't know what I was going through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys, and my joints ached all the time. For two years I had to live entirely on boiled milk, toast and soft boiled eggs, and even that didn't digest well, and would sour on my stomach. I didn't know what I was going through night's sleep. I took one kind of medicine after another until our house was almost filled with empty bottles, but instead of improving, I was getting worse all the time. Finally they took me to the hospital for treatment, and I lay there for five long months, but even that didn't make me well. I was taking nearly every cent of my husband's wages to pay my doctor's and drug bills—our drug bill alone amounted to \$14 or \$15 a month, and one doctor's bill amounted to \$105."

"It looked like everything had failed to help me, and I had about given up all hope when one day my husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading and hearing a lot of good things about it, and he didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it."

"Do I look like an invalid now? I certainly don't feel like one, and I have actually gained twenty-five (25) pounds on eleven bottles of Tanlac, and feel just as well as ever I did in my life. I can eat anything I want—such things as meat, turnips, hard-boiled eggs don't hurt me a particle. I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody, and just the other day I walked down town, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Canada, and I think I have the right to be. I think my recovery is almost a miracle, and everybody in our neighborhood thinks the same."

Tanlac is sold in Red Deer by The Gaetz-Cornett Drug & Book Co., in Stettler by Palace Pharmacy, Ltd., and in Eckville by Eckville Drug Co.—Adv.

W.C.T.U. NOTES.

Owing to weather conditions, the first monthly meeting of the W.C.T.U. was held at the home of Mrs. (Rev.) Armstrong instead of at the Baptist Church as arranged. The vice-president, Mrs. McVicar, presided. After the devotional exercises the business of the meeting was arranged. Mrs. Seaurance presented the claims of the Thrift Stamp campaign to the Union. Mrs. Armstrong conducted the Civics lesson, "Municipal Government," which led to an

Reduced Passenger Rates from Alberta and Saskatchewan points, also B.C., east of Nelson and Golden
PRIZE LIST NOW READY. Entries close June 13th

President, E. J. Dewey. Manager, E. L. Richardson

Interesting discussion on the qualifications which a woman would require to vote in the Municipal election. According to the Canadian Clives, any voter must own \$200 worth of assessable property. It developed that some of the ladies present had voted on the property qualification, others, not being qualified, had not voted, while others had voted without the property qualification. As we have procured equal rights for women, we decided to have equal rights among women.

Mrs. F. W. Gaetz gave an interesting account of the W.C.T.U. District Convention at Lacombe, after which the meeting closed.

TO LET—Possession after May 1: an eight-room house; good location (not modern); a good well inside of house; large garden; stable and hen house. Rent reasonable to responsible party. Yearly lease. For full particulars apply to Geo. H. Best, 51 First St. S.E., Red Deer. Adv. 30, 10.

FOR SALE—The finest building sites in Red Deer, 8 lots 25 x 100 ft. for \$150.00 each, or the 8 lots for \$1,000.00 in "Robinsville," facing River Ave. Also the Southeast corner Lot 2, 120 x 200 ft. on 5th Street, North. "Robinsville" for husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading and hearing a lot of good things about it, and he didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

CASH AUCTION SALE

Favored with instructions from Mr. John Michna, I will sell at his farm, the northwest quarter of 20-27-1, W. 5th 12 miles west of Hespero, 16 miles S. W. of Evans, 3 miles north of Stettler, 1 mile west of Knowledge schoolhouse, the following stock and implements, on

This Blouse is exceptionally good value, made in fine White Voile, the front is daintily embroidered, tucked and hemstitched, the plain sailor collar is edged with Guipure lace, cuffs are neatly tucked, finished with Guipure lace; sizes 38 to 44. Priced at \$2.75

Killmore Gopher Feeder

WILL EXTERMINATE THE GOPHER

Eliminates Waste

Reduces Labor

Holds enough poisoned grain to last all season.

A practical device for feeding poisoned grain to gophers. Made from galvanized iron, 5 inches high by 3 inches square, with adjustable flanges to prevent fowl getting the poison; a steel wire runs downward through the entire machine into the ground automatically locking on the sliding top and preventing the feeder upsetting, making it impossible for stock to get the poison.

Why waste your valuable time throwing poisoned grain on the ground to be washed away or covered up, a system that has proved an absolute failure.

Killmore Gopher Feeders last for years, price each 40¢
Per dozen \$4.50

Women's Smart Practical House Dresses

Women who appreciate smartness in dresses, supposing they are for house wear, should not fail to come and see these noteworthy values. They are smart, yet practical, at the same time very moderately priced considering the present day cost of materials.

Loose House Dresses in nice quality Chambray, with loose belt, patch pockets, neat round collar; in plain Blue or Pink, trimmed with White; all sizes, 34 to 44. Price \$3.50

Neat Dress of nice quality Chambray, loose kimona style, have loose belt and wide short sleeves and square neck, dainty patch pockets, in plain colors of Pink, Blue and Green, edges finished with White rick-rack; sizes up to 44. Price \$2.35

New Queen Quality Oxfords

In White Buck
At \$10.00

SHOES

A shipment of this well known make just opened up and we want you to come and see them. They are of a very fine White Buck made on the very newest last and pattern, with light flexible soles. New Varsity Toe and Leather Louis Heel, in C and D widths, all sizes \$10.00

New Spring and Summer SWEATER COATS

FOR WOMEN AND MISSES

The vogue of the Sweater Coats and Pullovers for spring and summer sports wear will never be questioned or doubted by anyone who has once seen the latest arrivals now on display in our Ready-to-Wear section.

The vivid new colorings and pleasing new styles assure them of greater fashion prominence than in any previous season.

Smart Coat Styles, knitted in fancy stitch of fine wool, in shades of Rose and Pekin Blue, with square collar, tight cuffs and wide belt and pockets. Priced at \$8.50

Sleeveless Pullover Sweater, in plain stitch, and plain shades of Melon, has V shaped neck, the bottom and neck are knitted in White. Priced at \$5.50

SILK SWEATER COATS AT \$18.50 and \$25.00

Stylish Sweater Coats in the new shades of Sand, Old Rose, Pink and Gold, with wide belt and square sailor collar in White. Priced at \$18.00

Beautifully Knitted Silk Sweater Coats in the new shades of Laurier, has wide belt, new pointed pockets, and deep roll collar, finished in contrasting colors of White. Priced at \$25.00

187TH BATTALION

The following is the Nominal Roll of the 187th Battalion, C.E.F., as issued by Militia Headquarters. It has been secured through the efforts of C. Sinclair, the secretary of the G.W.V.A., Red Deer Local, and contains the names of all the men who went to Calgary with the Battalion when it left for overseas. The Battalion embarked on the "Olympic" on December 16th, 1916.

Lieut.-Col. L. W. Robinson, Calgary

Vulcanizing

NOW IS THE TIME TO GET THAT TIRE REPAIRED OR RE-TREATED.

WE FIX IT RIGHT. ALL WORK GUARANTEED
Out of town customers please ship via Dom. Express

QUICK SERVICE SHOP.

Red Deer Vulcanizing Works
NEXT TO ALBERTA HOTEL, ROSS STREET

GERMANY AIMS TO BATTLE FOR WORLD'S TRADE

TWO GREAT RIVAL MANUFACTURING ASSOCIATIONS HAVE UNITED

London, May 28.—German business is preparing to accept the challenge of European and American industry to a commercial battle for the world's markets, the moment peace is signed, according to information here.

Two great rival German manufacturers' associations united recently in the "Imperial Association of German Industries" to "concentrate all forces of German life."

Before the war South America was one of Germany's most profitable markets, and it is expected that German firms will try to win back what they have lost.

German chemical firms are planning a campaign of powerful "propaganda" to regain part of the monopoly they enjoyed previously to 1914. The chemical committee of the German demobilization office and ministers of agriculture has arranged a 1919 program for production of 70 per cent. of the normal output of fertilizers.

Since the blockade stopped German exportation, America and the Allied countries of Europe have been compelled to build up plant chemical industries of their own, and these sources are now successfully supplying Germany's former customers.

From the desert regions of Arizona and the mountainous rim of the imperial valley in California, American companies are drawing large quantities of potash and other chemicals equally as good as Germany's. Many of these deposits have been discovered and exploited entirely as a result of the withdrawal of German products needed by American industry.

German factories are feverishly hurrying back to a peace basis. Krupp plants are already turning out machinery which is already being sold in Holland for a price with which Dutch manufacturers cannot compete. Advice from The Hague declares the machinery is disposed of below actual cost of production.

Throughout the war German plants maintained their production of iron and steel goods at peace figures—despite the loss in imports of ores, according to the Anglo-American Trade Journal.

Several new German foreign trading companies—export and import—have been organized recently.

Hamburg business men, it is reported here, believe that the loss of the German merchant marine may mean for Germany virtual loss of her world trade.

BRUTAL ATTEMPT AT MURDER BY RETURNED VET.

YOUNG FRENCH WIFE OF JOHN MUSA LIES AT POINT OF DEATH

An attempted murder, which the police brand as the most brutal in their experience, took place near Seven O'clock. The victim is the young French wife of John Musa, who now lies in the Misericordia hospital here, hovering between life and death. Her husband, a returned soldier of the 52nd battalion, is in custody, charged with the crime.

The girl, who is about twenty years of age, told Inspector Fisher of the provincial police, that she was married to Musa about three months ago in Aulde, Grande, France. They arrived in Edmonton last Friday and went to a rooming house. Musa told her that he was going to get a farm, and the pair accordingly left Edmonton, Monday night on the 5:30 train. They alighted this side of Leduc, and started on their way to the farm.

SHOT WIFE IN BACK

The woman was a few steps ahead of Musa when he suddenly shot her in the back from behind. While she lay on the ground he put another bullet in her arm, forcing away her upper jaw and palate.

The husband, according to the wife's story, then left her for dead. After a short time Musa returned, he knew and crawled slowly and painfully to the house of William Leckie, who lives north of Leduc. Dr. Woods, of Leduc, was called and rushed her immediately to the Misericordia hospital in Edmonton, where an operation was performed by Dr. Donald McElbourn. One of the flattened bullets was removed from her head.

WROTE STORY IN FRENCH

Before she went under the anaesthetic she was interviewed by Inspector Fisher. She could not talk, but wrote her story on a piece of paper.

Early on Tuesday Inspector Fisher, along with Constables Reid and Nalder, made a search of rooming houses in the city and located Musa in a house on Jasper avenue, near the C.P.R. station. The two constables were stationed at the doors and the accused was captured in bed. This was about three o'clock Tuesday morning.

FOUND REVOLVER ON MUSA

A revolver was found under Musa's pillow, together with \$500 in cash and a quantity of his wife's jewelry. The accused was taken into custody on a charge of attempted murder. If the woman dies the capital charge will be preferred against him.

The police state that the brutal affair was evidently premeditated, and they are inclined to define the motive as robbery.

Musa, who is a Russian, about thirty years of age, has made no statement of any kind to the police.

DANGER lurks IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that *Auto-intoxication*, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rash, Eczema and other skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. Do a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

AMERICA'S WAR MACHINE STILL TAKES SUPPLIES

VAST STORES BEING TURNED OUT REGARDLESS OF CONFLICTS' END.

(By United Press.)

Washington, May 28.—America is finding it almost as difficult to stop her war preparation as it was to start it.

The war department at present is accepting huge quantities of war material. Much of it will be needed in the near future, unless someone starts a new war, the army has found it cheaper to finish much of the work already begun when the armistice was signed than to abandon it.

Some of the items accepted since the armistice are: 976 75-millimeter guns (the famous French 75); 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; 2,417 5-ton trucks for hauling heavy artillery; 124,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 834 6-ton tanks (light wheeled type); 247 155-millimeter guns with 44,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 115,000,000 rounds of machine gun powder; FARMERS ABOUT LETHBRIDGE
TO ENTER POLITICS

Lethbridge, May 31.—In convention here, Thursday, the Lethbridge district farmers followed the lead of those of Macleod riding and decided to take political action along the plan outlined at the provincial U.F.A. convention L. H. Joliff, of Cayley, was chairman of the convention. Completion of organization has taken place. Resolutions were passed endorsing the \$2,000 gratuity scheme of the C.F.A. veterans, and also the irrigation schemes for Lethbridge district. The plan for co-operative shipment of milk and cream was also passed before the convention. The delegates were welcomed by G. R. Maronch and Mayor Hardie.

What is
San-tro-pas?

Rev. W. G. Brown, Red Deer, states: "I have seen 'SAN-TRO-PAS' heal wounds in two weeks that have puzzled doctors for months. I say, from five years' observation of its achievements in healing, that 'SAN-TRO-PAS' is a family necessity in every household of the land."

SAN-TRO-PAS has been tested for years by doctors of indisputable ability, who have pronounced it par excellence.
A trial box will convince you of its wonderful soothing and healing properties.

Sold by Red Deer Druggists, Price 50c.

Pianos tuned—J. E. Welton.

For prompt ambulance service, phone 61.

M. A. Munro, Edmonton, was in the city over the King's birthday.

Pte. Ted Day spent a few days in town last week from Calgary.

When you talk to man or a child about his faults, don't stand over him with a club.

A foolish woman can make a lover a husband, but it takes a bright woman to keep a husband a lover.

Don't forget the Baptist Ladies' Aid bazaar and ten cent tea in the Institute rooms on Saturday.

Read the 'ad' about the wallpaper sale at H. G. Stone's. A copy of this paper is worth ten cents of any purchase.

Home without a woman's care and a woman's love is like no home at all. Only the empty nest is a woman's gale after which the birds have flown.

In stock, McLaughlin buggies, democrats, new and second hand; DeLaval separators, plows, wagons, etc.—Wm. Hammond, agent.

Mrs. J. Oliver is the guest of Mr. and Mrs. Charles Robertson. Mr. Oliver is in Noddy, where he has secured a splendid position.

If you have land for sale, call or write the J. Malcolm Co., Red Deer.

The wallpaper sale at H. G. Stone's ought to help out the spring cleaning. Ten per cent discount and 10c for a coupon from The News off any purchase.

The Central Creameries, Ltd., T. B. Rutter, manager, wish to notify the general public that they are buying cream as usual, as they are taking it to Calgary by auto truck.

Mouth organs, velvet pencils, flags, boys' and girls' booklets, pens and pens, and Savoy scribbles at John McVie's bookstore, Gaetz Ave. N. Agent for rubber stamps.

Don't forget the Veterans' popular dances at the Armouries every Saturday night. Dancing 9 to 12. Admission, Gents, 50c; Ladies, 25c.

Rev. Dr. Huestis, Field Secretary of the Lord's Day Alliance for Alberta and British Columbia, will preach in the Presbyterian church next Sunday, June 8th, at 11 a.m., and in the Methodist church at 7:30 p.m.

Is your land or city property for sale? Then list it with us. We make no charges for listing, no charges for advertising, and only a moderate commission when the sale is made.—The Red Deer Trading Co.

Wednesday and Thursday last were dry, hot and smoky. Thursday it rained and all day Friday it rained and Saturday it snowed nearly all day, so that the country got a good soaking and all fires were extinguished.

Owing to the unsettled state of Canada, the meeting of the Canadian Press Association, which was to have been held in Toronto, June 5th and 6th, has been postponed indefinitely, and Fred Turnbull, of the Advocate, and the editor of this paper have in consequence postponed their proposed trip to the east.

Mrs. C. Brenner, Mountain Park, west of Edmonton, writes The News under date of May 26th that there were severe forest fires raging between Mountain Park and Edson, and that the C.T.C. crews and Forest Rangers were fighting night and day to control them. She stated that they had had no spring rains and everything was very dry. It is thought that the rain and snow of the 25th, 26th and 30th put an end to the fires.

A Balmoral correspondent, speaking of the big wind storm on Tuesday last week, said the air was so thick with dust from the streets, shed deposits and other Red Deer refuse, that there was a coating of at least a quarter of an inch of high carbon fertilizer on his farm when it was over, and he was nearly choked to death. We could never just tell why it was that Balmoral was such a rich farming district, but it looks as if our correspondent had stumbled upon the reason. We pass it on to the Balmoral people for what it is worth anyway.

Mrs. Lacey Amy, M.B.E., sister of Mr. W. E. Payne of this city, has taken a very prominent part in the war work of the empire. She, up to the end of the war, was Welfare Superintendent for over 3,000 girls at one of the big West London munition factories, having with her a staff of four nurses, canteen supervisor, three policemen, several clerks, and a private secretary. Mrs. Amy's department supervised the food, the health, the recreation, the work and wages, etc., of the girls, and for her valuable assistance in the war appeared in the King's Honor List for 1918, being given the Order of the British Empire.

CROP PROSPECTS BEST IN
TWENTY YEARS

Medicine Hat, May 31.—Heavy falls of rain were recorded throughout the district. In some sections crop prospects are the best in the past twenty years. The weather is cloudy and windy.

No half-holiday today.

Alex. Mitchell spent the holiday in Calgary.

Dr. and Mrs. Saunders left Thursday for a visit to Vancouver.

Mrs. T. U. Sarchett is visiting her daughter, Mrs. Martin Gordon.

Mrs. (Dr.) Dick is visiting in Edmonton.

A. G. Ayres took the services in St. Luke's Church last Sunday.

Mrs. C. D. Locke and Mrs. H. G. McQuinn left Wednesday last for Boston, Mass.

Mr. and Mrs. G. L. Jacques went down to Calgary on Saturday to spend a few days with Mr. Jacques' parents.

Mrs. R. J. Taggart and family left last week for Shelburne, Ont., where they will spend the summer months with Mrs. Taggart's parents.

Miss Irving, of the nursing staff of the hospital, passed through on a operation for appendicitis recently, and is in Calgary recuperating.

Rev. G. D. Armstrong, Rev. Jos. Woodworth, Jas. A. Youmans, and H. C. Sparks were in attendance at the Methodist Conference at Calgary last week.

Mrs. John Percival, who received word of the serious illness of her sister at Chicago, left for that city the early part of last week.

Rev. Gordon Matthews left for Toronto on Wednesday last on receipt of a wire that Mrs. Matthews was rather seriously ill and an operation would be necessary.

Mrs. L. A. Hamley, 2nd Ave. N.E., received word last week of the death of her mother, Mrs. Jas. Barber, of Harrison, Ont., in the 70th year of her age.

Mr. McGregor, who has been residing at the coast for some time, returned last week to take charge of the grocery department of Brumpton & Gaetz. His many friends in Red Deer will be glad to see him back again.

Before Judge Mahaffy, on Thursday last, John Quigg, crown prosecutor, withdrew a case of seduction against Pete Donagan, of Rocky Mountain House, as the evidence of the complainant herself there was no chance of conviction.

Fred. Cameron, of Petrolia, Ont., was visiting his aunt, Mrs. C. J. Rutter, for a few days last week. Mr. Cameron is one of a party of oil men who are on their way to prospect the great north country with a view to finding out its possibilities in the oil line.

GILPIN.—At Evans, Alberta, on May 31, 1919, Jennie Evina Gilpin, aged 70 years, mother of Mrs. John Watson, of Evans, and Geo. T. Gilpin, of North Vancouver, B. C. The remains were forwarded from the Jacques-Orme Funeral Home on Monday evening's train to Vining, Alberta, where interment will take place in the family plot.

DEATHS.

RUTH LAW WILL TRY BIG
FLIGHT.

Chicago, June 2.—Ruth Law, aviator, before leaving for New York Saturday, announced that she plans to attempt a trans-Atlantic flight within six weeks. She will use a new Curtis land biplane equipped with two Curtis-Kirkham motors of 400 horsepower each, and will be accompanied by James Lamont, her mechanic.

The machine is now being built for her by the Curtis company, she says. She expects the United States navy to give her assistance in making the flight.

Miss Law recently returned from the Orient, where she was engaged in flying.

FARMERS

Western Mutual Fire Insurance Company

Purely a Farmers' Company
Head Office, Calgary, Alberta
ALBERTA'S LARGEST MUTUAL

Ten Reasons why 7053 Alberta farmers have placed nearly \$10,000,000 Insurance with this Company

1. It supplies Farm Fire Insurance at strictly cost.

2. It is a Home Company leaving its profits with Alberta Farmers.

3. It can and does adjust a loss more quickly and pay more sooner than a company situated outside the Province possibly could, for we are right here with you.

4. It is financially strong.

5. Its policies are accepted by Loan Companies, proof positive that they are financially O.K.

6. It accepts premium notes, due in three years without interest, a small portion of these collectable in each of the three years, on November 1st.

7. It does not insure city, town or village property, therefore we have no large and costly fires.

8. It is affiliated with six of the largest Mutual Fire Insurance Companies in Western Canada, an added bulwark of strength.

9. It gives the broadest policy for the least money of any company doing business in the Province.

10. Its Directors and Officers are all Farmers who know the Farmers' needs.
